

How it works:

1. You meet your photographer and crew on location at the photo shoot. Our sessions always are held in the natural, soft light of the outdoors.
2. Our professional hair and makeup artists* prepare you for your photo shoot. Your own clothes draw out your personality. (if you are shooting two outfits, bring four so we can help you style for the camera)
3. When shooting, our expert photographers and personal stylists give you specific instructions on how to pose and use facial expressions to look best for the camera.
4. You choose your favorite photos, which are great for gifts, modeling agencies, or your personal photo album. Our optional packages (from proofs to portfolios) start at only \$20 bucks

To have the best experience possible, please come prepared for your photo session by doing the following:

*Arrive early and well rested!!

*Come with your hair already styled in a way that represents the way you see yourself (as this will be used as the starting ground for head-shots and hairstyles• will be changed as the session progresses.

Come with a tote bag of accessories and extras. Here are some suggestions

- Hairspray, Gel & Brush, All purpose lotion
- Mascara, hair-ties, clips, hats (females)
- Socks, smooth, snug-fitting neutral toned briefs
- Accessories (watches, sunglasses, hats, bracelets, etc.)
- Belts & ties, Different style shoes

Wardrobe: You will want to several DIFFERENT looks, so here's some ideas!

- Look at a few magazines for ideas like GQ, Cosmo or Teen
- Blue jeans always work (designer preferred or tighter fitted)
- Colors and patterns are okay, just stay away from big screen printed logos
- Colors that compliment you and are not too close to your skin tone. Contrast is better
- Something dressed up - like your going to a nice dinner (not the prom)
- Something casual - like your hanging with friends. (not painting the house)
- Something fun - think playful or sporty
- Something retro - unique or fashionable
- Etc. (use your imagination)

What ever you do, just bring a bunch and let us help you style your shots. We like more ant not enough..

As for posing, leave your worries at home. We're going to guide you through the steps and make you feel just like a model.
